Up for Auction is one straw out of SW Rex. He was sired by Jurassic and is a grandson of Freeze Frame, one of the largest and best producing Texas sires ever. Freeze Frame sons include High Heat, Bocephus, Freeze Brand, Liquid Nitrogen, Brain Freeze, Sub Zero, Thunderstruck, Lone Ranger and many others.

SW Rex dam is Curly Sue, our best producing Kid Rock daughters.

At 1, Rex is a mainframe 7X7 and scored in excess of 200”.

For the “PURSUIT OF PERFECTION” in your breeding, choose the Texas genetics of Yankee Dream, sired by Perfect Dream. His dam is Dandygirl, one of the few direct Yankee Doodle Dandy does left sired by 20/28 and Yankee Doodle Dandy. Visit our website, www.texasm3ranch.com. Semen stored at Champion Genetics and rated Exceptional with a 76% post thaw and packed 65 Million per straw.
Up for Auction is a choice 2018 Doe (Red 817 DNA# 275003 or Yellow 812 DNA# 275001) sired by Freightliner or Game Over, respectively. Freightliner is Express on Brittany. Brittany is granddam to Aftershock and Shockwave, as well as, full sister to Whitney, dam to Triple Crown. Brittany’s mother Tasha is dam to Freeze Frame, Unforgiven, and Excess. Freightliner was 290” @ 3 and 32” wide. Game Over is Overnight Express on Gunslinger’s Dam (Pink 36). Game Over was 287” @ 2 and 26” wide. Both Freightliner and Game Over are 7/8 and 3/4 Texas genetics, respectively. Buyer has the option to leave the Doe at Sweetwater Plantation to be bred by a buck of their choice this fall.

Day One Formulas are species specific formulations having the required protein and fat for neonatal growth. Recommended for those neonates who are orphaned or will not, or cannot suckle on their own.

Fox Valley Animal Nutrition, Inc., has manufactured Day One species specific formulas for the animal industry using scientific technology along with research, development, and service. We produce a wide variety of nutritional milk replacer products that are needed for animal health, growth, and performance. We use only the highest quality raw ingredients available.

Choosing a milk replacer that is as close as possible in composition to the natural milk of the species will result in better animal health, growth and performance. Lesser products can cause a myriad of growth problems for neonatal mammals, while less palatable ingredients can result in feeding problems. Fox Valley Animal Nutrition, Inc., will continue to strive to give the best products and service to companion animal owners, veterinarians, zoos, wildlife rehabilitators and the exotic animal industry.

“Saving Lives for 16 Years”

- All-milk protein from premium food-grade milk ingredients
- Complete complement of vitamins and minerals
- Balanced fatty acids including medium chain fatty acids for easy digestion
- No refrigeration required after opening
- Available in 20 lb. and 8 lb. pails
